Cuming Lehman Chambers Announces dBm Technical Sales to Pick -Up

Anechoic Chamber Product Line

Avon, MA -- March 14, 2014 -- [Cuming Lehman Chambers Inc.](#), and [Cuming Microwave Corporation](#) announce that dBm Technical Sales, their manufacturer rep in the New England territory for flat sheet microwave and dielectric materials, will now represent the company for Free Space Anechoic materials, as well as turnkey anechoic chambers. According to Steve Barnes, Sales Manager for Cuming Lehman, "Having dBm take on this product line will be a win-win for our company, as well as the customer. Offering chamber materials and design services will expand the product offering to the customer that can be supported by dBm. The in-field technical and sales support given by dBm will add tremendous value to large projects, such as chamber installations."

[dBm Technical Sales](#) is a Manufacturer Rep organization offering devices, components, subsystems, and power supplies to support all levels of microwave design and manufacturing. dBm provides RF and Microwave technical assistance supporting the New England area. dBm is based at One Olde North Road, Chelmsford, MA 01824, Phone: 978-256-7100, or info@dbmsales.com
